#### Kansas Artists' Postcard Series

This set of fifteen postcards represents the fifth of a series of postcard art by Kansas artists. Unlike the art postcard which is a miniature of a well known work, these postcards are reproductions of the artwork in its actual size. The fifteen originals, now touring as an exhibit, were executed especially for use as postcards.

The postcard form lends itself to many uses — framing, collecting, gift giving; but most of all to sending. Long and flowing letters may be part of a bygone era but despite the harried state of the world, who hasn't time for a brief, unassuming postcard?
